the heart. It is the outward form of such a spirit—the flower and aroma that spring from those twin roots. When these are united there is a complete courtesy—one of the most gracious and winning things that delight human eyes and charm human hearts.

Little words are the sweetest to hear; little charities fly furthest and stay longest on the wing; little lakes are the stillest, little hearts are the fondest; little farms the best tilled; little books the most read, and little songs are the dearest loved. And when nature would make anything especially rare and beautimake anything especially rare and beautiful, she makes it little—little pearls, little diamonds, little dew. Agar's is a model prayer, yet it is but a little one, and the ourden of the petition is but for little. The sermon on the mount was little. Life is made up of littles; death is what remains of them all. This vast formation, thirty miles lies in the southeastern part of Georgia, but partly in north Florida. Here is the Suwanee river, made famous by the negro melody of the "Old Folks at Home." It traverses a large section of upper Florida, is bordered with valuable cypress and other timber, and empties into the gulf at a point eighteen miles above Cedar Keys. Okefenokee swamp was for generations a retuge for runaway slaves. Indians have lived there until recently, cultivating gardens; and in the depths of the jungles and forests are thousands Zouaves, and dressed them up 28 females, of bears, and a great many Florida "tigers"-the cougar, or American panther. One curious experience of the surveying party was to find themselves at one time, while in the midst of a great swamp, suffering for water. The discovery of a lot of mounds, "probably built by a race of men existing before the Indians," is also reported. Several skeletons were

THE ENORMOUS WASTAGE of grain, so inevitable with other styles of Threshers, can be SAVED by this Improved Machine, sufficient, on every job, to more than pay all expenses of threshing. FLAX, TIMOTHY, MILLET, HUNGARIAN and like seeds are threshed, separated, cleaned and save as easily and perfectly as Wheat, Oats, Rye or Barlej AN EXTRA PRICE is usually paid for grain and seeds cleaned by this machine, for extra cleanliness.

IN THE WET GRAIN of 1875, these were substantially the ONLY MACHINES that could run with profit or economy, doing fast, thorough and perfect work when others utterly failed. ALL GRAIN, TIME and MONEY wasting complica-tions, such as "Endless Aprons," "Raddles," "Beaters," "Pickers," etc., are entirely dispensed with; less than one-half the usual Gears, Belts, Boxes, and Journals; easier managed; more durable; light running; no cost-ly repairs; no dust; no "litterings" to clean up; not troubled by adverse winds, rain or storms.
